Responsibilities

Students, apprentices, staff, partners, apprentice employers and service users are responsible for ensuring that their behaviour is consistent with advancing equality and valuing diversity and are expected to report discriminatory practices or behaviour.

College staff will help advance equality across the organisation and ensure that the College meets its equality objectives by:

- treating students, apprentices, colleagues, partners, apprenticeship employers and service users with respect and not harassing or discriminating against anyone on the basis of a protected characteristic;
- fostering good relations and positive attitudes to equality and diversity and challenging stereotyping and prejudice;
- dealing appropriately with discriminatory behaviour, harassment and victimisation;
- making services, facilities and education accessible and providing everyone with the opportunity to achieve to their full potential and participate in College life;
- taking steps to meet the needs of people from protected groups where these are different from the needs of other people and to remove or minimise disadvantages experienced by people due to their protected characteristics;
- encouraging people with protected characteristics to participate in activities where their participation is disproportionately low.

We expect learners and apprentices to:

- treat other students and staff with respect;
- report discriminatory practices or behaviour;
- not discriminate against or harass other students, staff or service users. This can include insulting, excluding or intimidating others.

Staff Training in Implementing the Policy

All staff undertake Equality & Diversity training as part of their induction and CPD processes, including awareness of our equality duty as a public sector employer. This includes when recruiting staff, delivering our services, including apprenticeship provision and working with employers and apprentices. We have a work based learning Disability Action Plan, reviewed annually to increase the number of apprentices with disabilities and work or life affecting health conditions

Advancing Equality and Monitoring our Progress

Our Strategic Equality Action Plan sets out our equality objectives and the actions we intend to take to implement these. Progress with implementing our objectives is reviewed regularly by the College's Equality and Diversity Group, chaired by the Principal. **Our annual Equality and Diversity Progress Reports outline the progress the College has made** in relation to meeting its equality objectives and advancing equality and include the relevant equality data and information required under the Equality Act. **These documents are available on the College website www.gcs.ac.uk under About Us/Policies and Procedures.**
