1. Introduction

Gower College Swansea fully recognises the contribution it makes to safeguarding.

There are three main elements to our policy:

- prevention through the culture, lecturing and pastoral support offered to learners
- procedures for identifying and reporting cases, or suspected cases, of abuse – because of our day-to-day contact with young people and vulnerable adults our staff are well placed to observe the outward signs of abuse
- support to learners who may have been abused.

Our policy applies to **all** staff and volunteers working in the education setting and governors. Learning support assistants, caretakers, business support staff as well as lecturers can be the first point of disclosure for a child.

2. Prevention

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted professional helps to safeguard learners.

The College will therefore:

- establish and maintain an ethos where young people and vulnerable adults feel secure and are encouraged to talk, and are listened to
- ensure young people and vulnerable adults know that there are professionals in the education setting whom they can approach if they are worried or in difficulty
- include in the curriculum, activities and opportunities for relationships and sexuality education which equip young people and vulnerable adults with the skills they need to stay safe from abuse and to know to whom to turn for help
- include in the curriculum material that will help young people and vulnerable adults develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare and parenting skills
- build relationships with other agencies and ensure early and appropriate referrals for support and intervention are made before risks escalate
- take a whole-college approach to well-being which will incorporate safeguarding and preventative measures to support children and families.

3. Procedures

Gower College Swansea will follow the Wales Safeguarding Procedures that have been endorsed by SCBs. The college will:

- ensure it has a DSP for safeguarding who has undertaken the appropriate training
- recognise the role of the DSP and arrange support and training. The DSP along with Safeguarding Officers undertake significant training on Safeguarding and Prevent every year to ensure their understanding of specific topics is always up to date
- ensure every member of staff and every governor knows:
 - the name of the DSP and their role, the local authority point of contact and the designated governor for safeguarding
 - that they have an individual responsibility for reporting children at risk and protection concerns to social services, or to the police, within the timescales agreed with the Regional Safeguarding Board
 - how to take forward those concerns when the DSP is unavailable

- ensure that all members of staff are aware of the need to be alert to signs of abuse and neglect, and know how to respond to a learner who may disclose abuse or neglect
- ensure that members of staff who are EWC registrants are aware of the *Code of Professional Conduct and Practice for registrants with the Education Workforce Council* (see www.ewc.wales/site/index.php/en/fitness-to-practise/code-of-professional-conduct-and-practice-pdf.html) and the expectation within the Code that the registrant has regard to the safety and well-being of learners in their care and related content
- ensure that parents/carers have an understanding of the responsibility placed on the college and staff for safeguarding and child and vulnerable adult protection by setting out its obligations in the school brochure
- provide training for all staff so that they:
 - understand their personal responsibility
 - know the agreed local procedures and their duty to respond
 - are aware of the need to be vigilant in identifying cases of abuse and neglect
 - know how to support a young person or vulnerable adult who discloses abuse or neglect
 - understand the role online behaviours may have in each of the above

- notify the local authority's social services team if:
 - a learner on the child protection register is excluded, either for a fixed term or permanently
 - there is an unexplained absence of a learner on the child protection register of more than two days' duration from school (or one day following a weekend)
- work to develop effective links with relevant agencies and cooperate as required with their enquiries regarding child protection matters, including attendance at initial review as well as child protection conferences and core groups and the submission of written reports to the conferences
- keep written records of concerns about children (noting the date, event and action taken), even where there is no need to refer the matter to the local authority immediately
- ensure all records are kept secure and in locked locations
- adhere to the procedures set out in the Welsh Government's *Disciplinary and dismissal procedures for school staff: Revised guidance for governing bodies* (see gov.wales/disciplinary-and-dismissal-procedures-school-staff)
- ensure that recruitment and selection procedures are made in accordance with Welsh Government's *Keeping learners safe* guidance
- designate a governor for safeguarding who will oversee the college's Safeguarding Children and Vulnerable Adults policy and practice.

4. Supporting those at Risk

We recognise that young people/vulnerable adults who are at risk, suffer abuse or experience violence may be deeply affected by this.

This college setting may be the only stable, secure and predictable element in the lives of young person or vulnerable adult at risk. Nevertheless, when at college setting their behaviour may be challenging and defiant or they may be withdrawn.

The college will endeavour to support the learner through:

- the content of the curriculum to encourage self-esteem and self-motivation
- the college ethos which:
 - promotes a positive, supportive and secure environment
 - gives learners a sense of being valued (see section 2 on Prevention)

- the college's behaviour policy, which is aimed at supporting vulnerable pupils in the college. All staff will agree on a consistent approach that focuses on the behavioural outcome of the young person or vulnerable adult but does not damage the individual's sense of self-worth. The college setting will endeavour to ensure that the learner knows that some behaviour is unacceptable but that they are valued and not to be blamed for any abuse which has occurred
- liaison with other agencies who support the learner such as local authority officers – for example the educational psychology service, behaviour support services or the Education Welfare Service – child and adolescent mental health services, and advocacy services
- keeping records and notifying the local authority as soon as there is a recurrence of a concern.

When a learner on the child protection register leaves, we will transfer information to the new provider immediately and inform social services.

5. Anti-Bullying

Our policy on anti-bullying is set out in a separate document, available on the intranet and internet, [Challenging Bullying, Rights, Respect and equality Protocol] and is reviewed annually by CMT and the governing body.

6. Young People or Vulnerable Adults with Additional Learning Needs

We recognise that statistically children and vulnerable adults with additional learning needs are most at risk of abuse. Staff who work with these students with an additional learning need, such as a profound and multiple disability, sensory impairment or emotional and behavioural problem, need to be particularly sensitive to signs of abuse.

7. Prevent and Radicalisation

While Prevent is part of the College Safeguarding regime, our stand alone Prevent Policy can be found on the intranet and our College website

8. Who to contact if you have any Concerns Regarding Safeguarding or Prevent
