

## Apple Device Wi-Fi Instructions

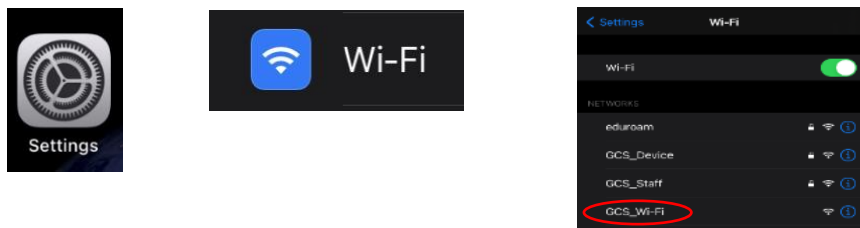

The College wifi (eduroam) can be connected to at any of our campuses using the following instructions.

*Please note: the following screenshots are from an iPhone 11 and with the IOS Version 14.7.1, other models and IOS version will differ.*

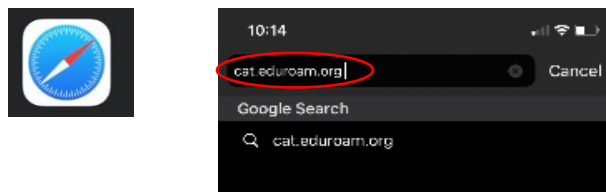

If you have any issues accessing the Wi-Fi please contact Computer Services via the helpdesk for support: <https://helpdesk.gcs.ac.uk:8443/portal> or email: [cshelpdesk@gcs.ac.uk](mailto:cshelpdesk@gcs.ac.uk)

## Instructions

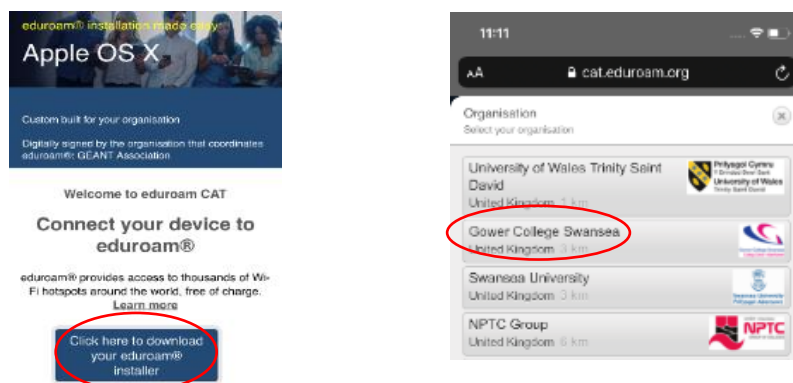

1. Go to 'Settings', 'Wi-Fi' and connect to 'GCS\_Wi-Fi'.

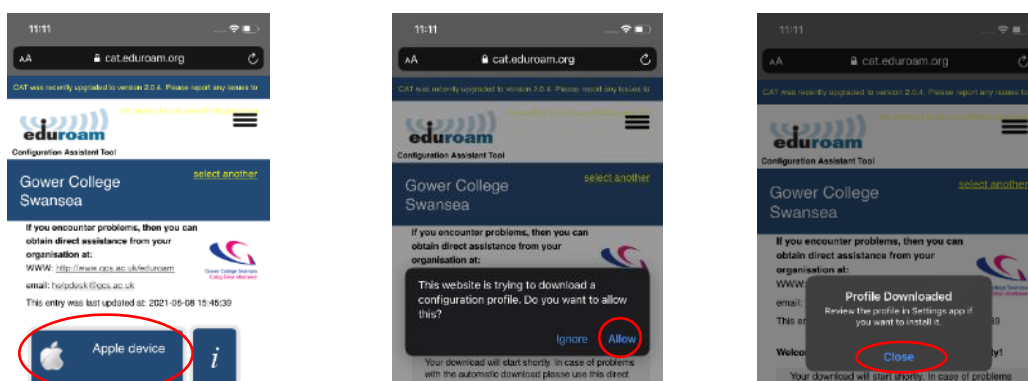

2. Exit 'Settings', launch 'Safari' and search for 'cat.eduroam.org'

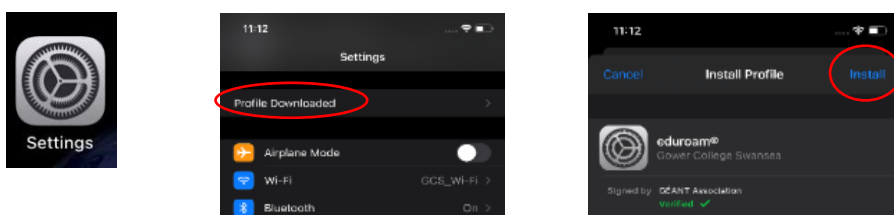

3. When the page loads, click the blue eduroam installer button and select 'Gower College Swansea'

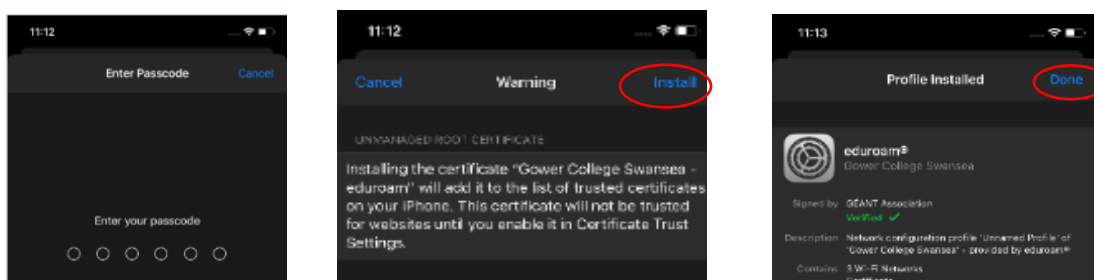

4. Click the 'Apple Device' button and select 'Allow'. Once it has finished downloading, select 'Close'

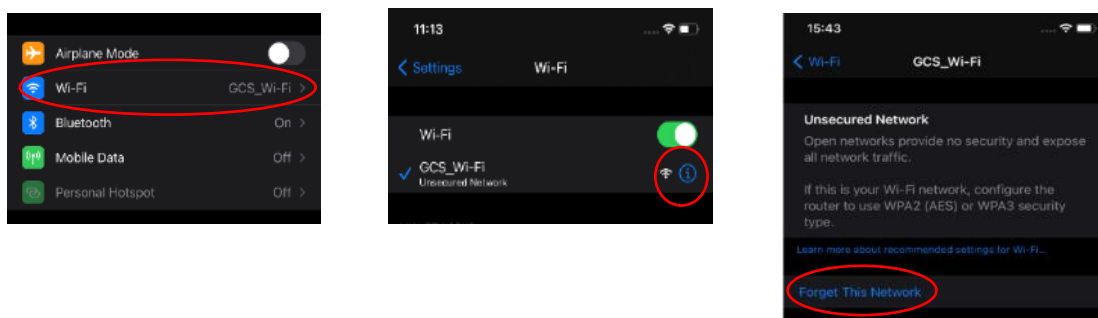

5. Go back to 'Settings', select 'Profile Downloaded' and 'Install'.

6. Enter your phone's passcode and select 'Install' and 'Done'.

7. Go back to 'Settings' and 'Wi-Fi' and select the 'i' (info) button and select 'Forget this Network'.

8. Connect to 'eduroam'. You will need to enter your **College details**, then select 'Join'.

**For staff:**

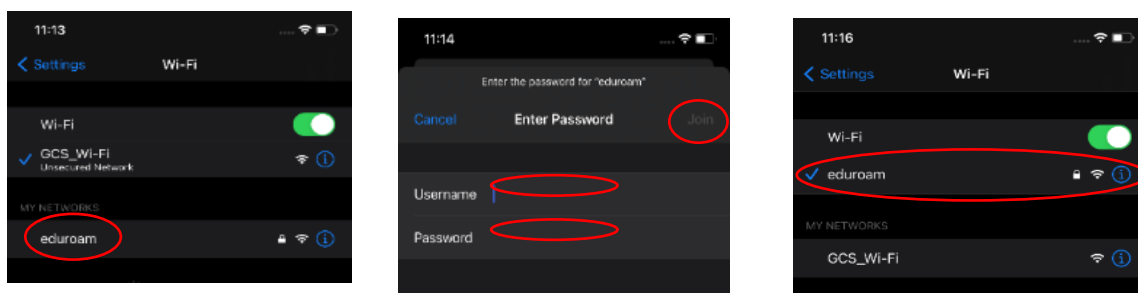

Username: [joe.bloggs@gcs.ac.uk](mailto:joe.bloggs@gcs.ac.uk)

Password: College Password

**For students:**

Username: [ABC12345678@gcs.ac.uk](mailto:ABC12345678@gcs.ac.uk)

Password: College Password

You should now be connected to the eduroam network. Your device will pick up the College Wi-Fi automatically when you enter a Campus, unless your password has expired.
